

Dear Friend,

JAN 27 2009

Monday Morning

I'm doing everything I can to help protect Seniors from Mexican President Felipe Calderon -- and now I need your help. *Because you won't believe what he's trying to do!*

Please put this \$1 check together with your own \$19 to help stop Felipe Calderon from stealing the money you've worked for all your life.

My friend, this is our do or die moment.

Mexico has already bullied our own Social Security Administration into giving them their way...

...and our own Social Security Administration has agreed to send millions of American Social Security dollars to Mexico.

I'm going to ask you to do something that might surprise you. *But it's something that could help stop your Social Security Money from being stolen*

Please rush this \$1 check back to me with a one-time \$19 contribution.

This is an emergency, my friend -- so I don't have time to beat around the bush...

...it's really up to you what you want to do next.

You can cash this \$1 check at your bank right now if you really want.

Or you can use this \$1 check to help stop our Social Security Money from being sent to Mexico.

My friend, I pray you'll choose to join me in fighting to keep our Social Security Money here where it belongs.

The only way we can stop this madness is with the biggest grassroots Petition Drive we've ever launched...

(1) Please turn over for page 2

...and to pay for that Petition Drive I need help from as many folks as I can get a hold of.

(Please.)

I'm praying you'll take the \$1 check I sent you and put it together with your \$19 gift.

Please rush your \$19 back today with the \$1 check I sent you.

The future of our Social Security Trust Fund -- the security of your secure retirement -- is on the line.

I promise-- I'll do everything in my power to help save our Social Security
Mexico has already steamrolled right through Social Security Commission...

...and now Mexico's new President, Felipe Calderon, is coming like a thief in the night to get more of our Social Security Money.

The only way we can stop Felipe Calderon from shipping our Social Security money to Mexico is by showing our leaders in Washington that we demand action.

And the only way to do that is with a massive Petition Campaign. And I can't get this Petition Campaign off the ground -- or stop Felipe Calderon -- without your help.

Please send your \$19 gift today. I can't tell you what it will mean to me to get your check and \$19 gift back here in the next few days. I really need to hear from you.!! *Your \$19 gift will help 42 Petitions get to Washington!!*

The money in our Social Security Trust Fund is ours. We put it there throughout our whole life expecting it to be there when we retire.

(2) Please go to page 3

Felipe Calderon wants to hand out American Social Security Money to his gangs of Illegal Aliens who've "come home" to Mexico. *They come here for a few months, go back to Mexico, and live the rest of their lives on our Social Security Money!*
My friend, Social Security is for Americans...

...now we're going to fight Felipe Calderon for it -- because he wants to give it to Mexicans.

Why should our Social Security Money be given to Mexicans who didn't even come into our Country legally?

!! They're criminals for Pete's sake. *!!*

Please help me stop Felipe Calderon by rushing back the \$1 check I sent you with an Emergency Donation of \$19.

That \$19 is so critical right now. Without your \$19 contribution, there will be 42 people who will never get a Petition to sign...

...and there will be 42 fewer voices telling Congress to do what's right. *Our enemies will just love that!*

My friend, this Petition Drive might be all that stands between Felipe Calderon and our Social Security Money.

I've promised to flood Washington with our Petitions. That will send a strong and powerful message to our Leaders that they can't ignore...

WE DON'T WANT OUR SOCIAL SECURITY MONEY GOING TO MEXICO!

Please help me with this important Petition Drive. Your Emergency Donation is critical, and I'm counting on hearing back from you in the next 6 days.

Please help, my friend. Please rush back the \$1 check I sent you along with your Emergency Donation of \$19.

To protect our future, we have to fight Felipe Calderon for it right now.

★ → Thank you for caring enough to read my letter, and for caring enough to send your \$1 check back along with your generous \$19 Donation.

Sincerely yours,

Carl M. Hagen

P.S. Yes, this is a real check for \$1.00. And if you cash it, you don't have to change your long distance company or join anything. It's yours to keep even if you don't read another word of this letter.

I sent you this check today to prepare you...

...because your Social Security check might look like this very soon thanks to someone you'd least expect.

If Mexican President Felipe Calderon gets what he wants, our Social Security money won't go to you...

It'll be sent to an Illegal Alien living in Mexico.

Felipe Calderon is scheming to take the hard-earned money you've saved in Social Security and give it to Mexicans who laugh in the face of our Immigration Laws.

My friend, please help me put a stop to this. Please don't stand by and let Felipe Calderon get away with this. That money is yours and shouldn't be sent to Felipe Calderon's Illegal Aliens.

*(4) Thank you so much
for your help~and God
Bless You!!*
